

Editorial Report and Reviewer Acknowledgments for 2020

The present volume of *Vertebrate Zoology* is the last one in its old look. Starting with 2021, *Vertebrate Zoology* will be published as an online only journal in collaboration with Pensoft, profiting from the contemporary developments in online publishing offered by Pensoft and its ARPHA hub.

Fifty-two manuscripts were accepted for publication, 37 manuscripts were rejected outright, six were rejected after review, and two manuscripts were withdrawn by the authors, corresponding to an acceptance rate of 54% for 2020.
